NEW WESTMINSTER BY-LAWS.

"LULU ISLAND TRANSFER BY-LAW, 1906."

A By-Law to authorise the Council to convey certain lands belonging to the Corporation on Lulu Island to the Crown in the right of the Province of British Columbia.

WHEREAS Alexander Ewen has entered into an agreement with the Corporation of the City of New Westminster, which agreement is in the words and figures following, that is to say:—

"This agreement made the seventh day of March, in the year of our Lord one thousand nine hundred and six, between Alexander Ewen, of the City of New Westminster, and Province of British Columbia, hereinafter called the party of the first part, of the one part, and the Corporation of the City of New Westminster, hereinafter called the party of the second part, of the other part:

"Whereas the party of the second part is the owner of a portion of Lot seven hundred and fifty-seven (757), Group one (1), New Westminster District, situated south of the Lulu Island Road, and bounded on the north by said Lulu Island Road, on the west by Blocks twenty-four (24) and nine (9), on the south by the Fraser River, and on the east by Blocks seven (7) and eight (8), containing twenty-five (25) acres, more or less, as shewn on the official plan of survey of the City of New Westminster, and thereon marked 'City of New Westminster, 25.0 a,' and which portion is hereinafter referred to as Parcel Number One:

"And whereas said party of the second part is the owner of another portion of said Lot seven hundred and fifty-seven (757), Group one (1), New Westminster District, more particularly known and described as Block 'A,' as shown on the official plan or survey of the said City of New Westminster, and containing fifty (50) acres, more or less, which portion is hereinafter referred to as Parcel Number Two:

"And whereas the party of the first part is the owner of the greater part of the remaining portion of said Lot seven hundred and fifty-seven (757), Group one (1), and is obtaining a grant from the Crown in the right of the Province of British Columbia of Lot seven hundred and fifty-eight (758), Group one (1), New Westminster District, upon consideration of his obtaining a conveyance from the party of the second part to the Crown in the right of the Province of British Columbia of said Parcel Number One:

And whereas the said party of the first part has agreed that if the said party of the second part shall grant and convey to the Crown in the right of the Province of British Columbia said Parcel Number One he will dyke and ditch for draining, according to plans and specifications hereto attached, the said Lots seven hundred and fifty-seven (757) and seven hundred and fifty-eight (758), Group one (1), including the land belonging to the said party of the second part, and hereinbefore referred to as Parcel Number Two:

"Now this indenture witnesseth that in consideration of the premises and of the sum of one dollar (\$1) now paid by the said party of the second part to the party of the first part (the receipt whereof is hereby acknowledged), he, the said party of the first part, for himself, his heirs, executors, administrators and assigns, hereby covenants, promises and agrees to and with the party of the second part, its successors and assigns, that if the said party of the second part, after the assent of the ratepayers of the said Corporation shall first have had and obtained, shall grant and convey to the Crown in the right of the Province of British Columbia the said portion of Lot seven hundred and fifty-seven (757), Group one (1), New Westminster District, herein referred to as Parcel Number One, and containing twenty-five (25) acres, more or less, he, the said party of the first part, his heirs, executors, administrators or assigns, will, with all reasonable dispatch, and according to plans and specifications hereto attached, construct and keep in repair for a period of two (2) years after completion thereof a good and sufficient dyke and all canals, drains, flood-gates and ditches necessary for draining the said land, including the said portion of Lot seven hundred and fifty-seven (757), Group one (1), New Westminster District, hereinbefore referred to as Parcel Number Two (2), and containing fifty (50) acres, more or less. All work to be done to the satisfaction of the City Engineer or whoever the Council may appoint as Inspector.

"In witness whereof the said party of the first part has hereunto set his hand and seal the day and year first above written.

"Signed, sealed and delivered in the presence of } (Sd.) ALEX. EWEN."
(Sd.) D. MCPHERSON.

And whereas by section 51 of the "New Westminster Act, 1888, Amendment Act, 1889," it is provided that the Council of the said Corporation shall have full power to deal with the real property belonging to the Corporation on Lulu Island, with full power and authority to execute all deeds and instruments to effectuate same, provided that the assent of the ratepayers of the Municipality of the said Corporation shall be first had and obtained in like manner as is requisite for the issue of debentures for the raising of any loan:

And whereas the said Council is desirous of conveying a portion of the said lands more particularly described in the said agreement, and therein referred to as Parcel Number One, and containing twenty-five (25) acres, more or less, to the Crown in the right of the Province of British Columbia, in accordance with the terms and conditions contained in the said agreement:

Therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:—

1. It shall be lawful for the Council to grant and convey to the Crown in the right of the Province of British Columbia that certain parcel or tract of land and premises situate, lying and being in the suburbs of the City of New Westminster, Province of British Columbia, more particularly known and described as that portion of Lot seven hundred and fifty-seven (757), Group one (1), New Westminster District, situate south of the Lulu Island Road, and bounded on the north by said Lulu Island Road, on the west by Blocks twenty-four (24) and nine (9), on the south by the Fraser River, and on the east by Blocks seven (7) and eight (8), and containing twenty-five (25) acres, more or less, as shewn on the official plan of survey of the City of New Westminster, and thereon marked "City of New Westminster 25.0 a," which portion is referred to in the said agreement as Parcel Number One, and to execute conveyance thereof, which conveyance shall be signed by the Mayor and Clerk of the Corporation, and sealed with the corporate seal.

2. This by-law, before the final passing thereof, shall receive the assent of the ratepayers of the said Corporation in like manner as is requisite for the issue of debentures for the raising of any loan.

3. This by-law may be cited as "Lulu Island Transfer By-Law, 1906."

Received the assent of the ratepayers the 11th day of April, 1906.

Done and passed in open Council the 17th day of April, 1906.

DOMINION ORDERS IN COUNCIL.

[Ref. 509,383.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 14th day of March, 1906.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL
IN COUNCIL.

ON a Report dated 1st March, 1906, from the Minister of the Interior stating that by an Order in Council, dated 31st May, 1902, certain lands surrounding Coquitlam Lake, in the Province of British Columbia, were sold to the City of New Westminster at a nominal price for the purpose of protecting from contamination the waters of that Lake from which the City obtains its domestic supply. The sale of the land, however, did not convey the timber within the area sold, and in order to co-operate with the City this timber was reserved from sale by Order in Council dated the 17th of August, 1904.

The Minister further states that application having been made to the Department of the Interior for permission to cut the timber on this land under the provisions of the regulations in that behalf, and advice having been received from the Mayor of New Westminster to the effect that a satisfactory arrangement could be made between the Corporation and the persons securing the right to cut the timber on the above land, the Order in Council of the 17th of August, 1904,

was rescinded by an Order dated the 8th November, 1905, in so far as it applied to the available portion of the tract in connection with which application had been made to cut timber.

That the City of New Westminster, however, in January, 1906, advised the Minister of the Interior that they had withdrawn their consent to the withdrawal from sale of the timber from the lands surrounding Coquitlam Lake, as the ratepayers of the City were of the opinion that the removal of the timber and the operations necessary in connection therewith would have the effect of contaminating and depleting the City's water supply, and that they ask that the timber on this land be again withdrawn from sale.

The Minister recommends that the Order in Council dated 8th November, 1905, be rescinded and that the timber on the lands surrounding Coquitlam Lake which have been sold to the City of New Westminster, be again reserved from sale as provided in the Order in Council of the 17th August, 1904.

The Committee submit the same for approval.

JOHN J. McGEE,
Clerk of the Privy Council.

Inspection of slaughter-house.

15. All slaughter-houses within the district shall be subject to regular inspection under the direction of the Local Board, and no person shall keep any slaughter-house unless the permission in writing of the Local Board for the keeping of such slaughter-house has been first obtained, and remains unrevoked. Such permission shall be granted, after approval of such premises upon inspection, subject to the condition that the said houses shall be constructed, managed and kept in accordance with any specifications, requirements or regulations with regard to slaughter-houses which may be made by the Provincial Board of Health, and upon such condition being broken the said permission may be revoked by the Local Board ; and all animals to be slaughtered, and all fresh meat exposed for sale, shall be subject to like inspection.

19. In case the water supply as aforesaid is drawn from a well or spring, any person complaining of the quality of the water therein shall make complaint to the Local Board or Sanitary Inspector, in writing, giving full information as to the location of the well or spring complained of, and an approximate estimate of the number of persons or animals using the water from the said well or spring; and upon receipt of the complaint in writing as aforesaid, the Sanitary Inspector shall, as soon as practicable, procure a sample of the water from such well or spring in the presence of at least one credible witness, which sample shall be immediately sealed up by said Inspector in an air-tight receptacle, and be given or forwarded by him to an analyst named or appointed by the Provincial or Local Board of Health; and on receipt of the report of the analyst the Local Board shall act in accordance with the report.

20. Whenever it can be shown that danger exists or may arise to the health of the inhabitants from the insufficiency or unwholesomeness of the existing supply of water, it shall be the duty of the local health authorities to provide the district over which it has jurisdiction with a supply of wholesome water, if a proper supply can be got at reasonable cost, and such local health authority may make reasonable rules respecting and charges for such water supply, and such charges may be collected in a summary manner before one Justice of the Peace.

21. When a wholesome public supply of water has been provided, either by the Local Health or a water company, the Board may compel the abandoning the use of any well, spring, or other source of water supply, and require the owner of any house to connect his house with the water mains of such public supply whenever the same extend to or pass by his property.

Any like source of contamination existing within the aforesaid distances from any well now in use shall be removed where possible, or in default the well shall be abandoned and filled up; but this rule shall not apply to wells situated less than twenty feet from a dwelling house, unless other good cause than proximity to such dwelling house can be shown why such well shall be abandoned.

24. No person shall bathe, or wash, or cleanse any wool, cloth, leather, skins, or animals, or put or cause to be placed any dead animal, or part of the carcass of any dead animal, or any decayed or filthy animal or vegetable matter, in or near any stream or the tributary of any stream, well, spring, reservoir, pond, or other source from which water or ice is drawn, taken or used for domestic purposes; or shall cause, permit or suffer any sewage, washings, or other offensive matter from any sink, privy-closet, cess-pool, factory, trade's establishment, slaughter-house, wash-house, tannery, or other place over which he shall have control, to flow or percolate therewith, or into any drain or pipe communicating therewith; or cause any other thing to be done whereby the water supply of any city, town, village, community or household is in anywise tainted or fouled, or rendered unfit for drinking or domestic purposes.

Keeping of Animals.

25. No hog shall be kept except in pens one hundred feet from any house, well or public highway, with floors constructed impervious to water and

The Local Board may require that the floors of all stables shall be so constructed as to prevent leakage, and that the receptacle or place where manure is deposited shall be so constructed, situated, and kept, that contamination of the soil or surface or well water shall be prevented.

Compulsory connection of houses.

29. Whenever any branch, main or common sewer shall extend to or pass by the premises on which is built any house, the owner thereof shall cause all water-closets, sinks, wash-tubs, baths, etc., in the said house or premises to be properly connected with such sewer in accordance with the by-laws or regulations of the local health authorities or the Provincial Board of Health.

Regulation of house drainage and plumbing.

30. All house drainage or plumbing of all houses or buildings, both public and private, hereafter constructed or at present in the course of construction, shall be executed in accordance with the specifications or plans fixed or approved by the Local or Provincial Board of Health.

If approved, the plans and specifications shall be filed by the Board; and after a plan has been once approved of no alteration will be allowed except on the written application of the owner.

Permit to be obtained.

32. No person shall construct, or re-construct, alter or extend any portion of the house drainage or plumbing connected therewith, of any house or premises, or make connection of such with any branch, main or common sewer, unless he shall have previously submitted the plans and specifications as aforesaid, and made application and received a permit therefor from the Local Board. Blank forms of application shall be furnished by the Board.

Inspection to be made.

33. Plans of drainage already constructed.

35. Whenever called upon to do so by the Local Board, the owner of any house erected prior to the making of these regulations shall forward, to be placed on file, description of the house and drawings and description of the drainage and plumbing of such house.
